

ANNEX –F

IMPARTIALITY POLICY STATEMENT

OSTIA's Management is committed to ensure that the all Management system Certification activities are undertaken in an impartial and unbiased manner's OSTIA personnel either internal or external committees thereof who could influence any certification process are obliged to act impartially and shall not allow commercial, financial or other pressure that would compromise their impartiality in any way.

OSTIA provides certification services in such a way that activities and relationship do not cause any possible conflict of interest.

However, if relationship creates a threat to impartiality. OSTIA document and demonstrate that how to eliminate such threat and the relevant information will be available for those concerned. the top Management is committed and takes measure in order that if relationship of the person of his employer that involved in the certification organization to be is audited is found to pose an unacceptable threat to impartiality and is to extent to which impartiality could be promised then he certification body immediately cease the environment of that particular person of or his employer in any certification activity of the organization to be audited.

As a result of all facts specified above, No Management system consultancy will be provided by the OSTIA. The top management of OSTIA is committed to respect to support to the independent operation of the OSTIA and if any relationship (internal or external) that poses an acceptable threat to impartiality exists, then certification services shall not be provided.
